

## **Board of County Commissioners**

### INTER-OFFICE MEMORANDUM

**TO:** Mitzi McGhin  
Right-of-Way Coordinator

**FROM:** Theresa B. Heiker, P.E.  
Chief of Stormwater Engineering

**DATE:** April 4, 2003

**SUBJECT:** Harbinwood Estates Drainage Improvements

---

The Stormwater Section is developing plans for drainage improvements in the Harbinwood Estates Subdivision which would require the lots which you identified (Tax ID Nos. 21-03-65 Block E, lots 46 and 48 and Block D, Lot 48). These lots are affected by the flooding which motivated the project development.

Currently, funds are available to purchase the properties (without reducing the market value for flood impacts) and clear the sites of all improvements. Please proceed with the acquisitions.
